

Point (1): K-LOVE serves a vital purpose in the local community in that it provides listeners with important information on what is going on around them. Ex: community calendar bulletins on local events.

Point (2): If K-LOVE were to be displaced by an LPFM broadcaster providing different programming this would greatly effect the local community in a negative manner. Listeners of K-LOVE have a positive alternative to the secularism found on so many other stations. Positive radio stations such as K-LOVE encourage their listeners to find peaceful solutions to problems they face thus decreasing neighborhood violence.

Point (3): The service provided by K-LOVE is in the public interest because it provides comfort, peace, hope for the future and a genuinely life changing message in the music that so many people desperately need. Thank you.
